CHAPTER 4. CAREER LAUNCH

Article 1. Definitions

1.1 Career Launch is a project of ELSA International that offers the opportunity to law students and young lawyers to gain insight into the various aspects of the legal profession. ~~The project consists of digital workshops and other digital career events.~~

1.2 Career Launch aims to provide participants with practical insight into different career paths and improve their necessary skills for entering professional life.

1.3 Career Launch shall consist of Professional Development events, such as workshops, fairs, training, and other Professional Development projects.

1.4 Career Launch can be conducted in an online, hybrid or physical format.

WHAT DOES THIS MEAN?

What does it mean?

- No longer digital-only. The old wording limited Career Launch to digital workshops and events.
- Wider scope. Art. 1.3 opens it up to fairs, trainings and other Professional Development projects, not just workshops and a virtual job fair.

Career Launch was built during a pandemic. If we designed it from scratch today, what would it look like?
