## Cancellation of the Summer ELSA Law Schools 2020 Cycle

---

It is with deep regret that we, the International Board of ELSA, announce the cancellation of the Summer ELSA Law Schools 2020 Cycle, hence cancellation of all Summer ELSA Law Schools planned to take place this summer.

Since the opening of the application period for Summer ELSA Law Schools 2020, the International Board of ELSA has been monitoring the COVID-19 situation and its possible impact on Summer ELSA Law Schools, hoping the circumstances will allow the Summer ELSA Law Schools to take place.

However, the uncertainty related to certain domestic restrictions such as: the status of mass gatherings and travelling to and from countries, where Summer ELSA Law Schools were supposed to take place, forced us take a decision to cancel the Summer ELSA Law Schools 2020 Cycle. Health and safety of both the participants of Summer ELSA Law Schools and members of the association remain in the best interest of the International Board of ELSA.

As an alternative to Summer ELSA Law Schools, some of the Organising Committees will be transforming the academic programme of their projects into the online version, namely online legal courses, branded under the name "ELSA Webinars Academy". More information with this regard will be posted on social media of ELSA International.
