Questions

1. How is the right to asylum regulated in national law?
   - Give a description of the national regulations governing asylum
   - What is the procedure for granting asylum and who is responsible?

2. How does your national law regulate immigration from EU member states and non-EU states?

3. Is there a ministry, government agency or other public authority specifically dealing with migrants? If so, please provide a description of the framework this authority works under.

4. What are the recent statistics regarding migrants (i.e. asylum-seekers, immigrants, transit-migrants, trends in migratory flows) in your country?

5. How have the decisions by the European Court of Human Rights concerning migrants been implemented at national level?

6. How have the recommendations of the European Commission against Racism and Intolerance and of national human rights bodies concerning the integration of migrants been implemented?

7. How is migrants' right to access to healthcare regulated within the national legislation?

8. How do migrant children benefit from the right to education under your national legislation (Article 2 of the first Protocol to the ECHR)?

9. How are foreign school and university diplomas recognised in your country (e.g. through national law under the CoE/UNESCO Convention on the Recognition of Qualifications concerning Higher Education in the European Region of 1997) and what are the practical procedures?

10. How is participation of migrants in political decisions regulated in your national legislation? Are they legally allowed to participate in their country of residence the same way as in their country of origin?

11. How can migrants acquire citizenship in the country? Is there a possibility of double nationality?

12. How is your country assisted by EU programmes and funding with regard to the integration of migrants?
