FOREWORD

Dear ELSA Officers,

It is with great pleasure that we present to you the Working Materials for the first International Annual Meeting of the term 2023/2024.

With the III International Training Meeting (ITM), we can start this new term and prepare ourselves for every challenge we may face in the upcoming months. This year we prepared more Trainings to help you develop your hard and soft skills, while also focusing on providing a rich variety for you to select from. In addition to the Trainings you will also have a chance to get a better overview of your Area and through practical exercises during the Workshops gain the necessary knowledge for your work.

Please read the pages of these Working Materials carefully and prepare yourself for three intensive days full of Trainings, discussions and bonding time. In some of the Workshops, you will spend your time only with people from your Area but in many others, you will have a chance to share your ideas amongst a variety of Officers from different Areas.

We believe that together we can make this meeting unforgettable, and we can't wait to meet you all and discuss with you all the plans which we have ahead of us.

Are you ready to Dream, Dare and Do?

ELSAfully yours,

Yordan, Adela, Fidan

Nadia, Maciej, Maria Vittoria, Xanthi

INTERNATIONAL TRAINING MEETING GUIDE

What is the International Training Meeting?

The International Training Meeting (**ITM**) is one of the three types of International Internal Meetings of ELSA. It brings together Officers from all Areas across the Network and aims to prepare them for their term. Each National Group may send a total of eight individuals to each ITM. This number may be increased at the discretion of the International Board in case greater interest is indicated in the Application Form.

What is a Workshop?

Workshops provide an introduction to or a review of topics of interest. They offer space for interaction, discussion and exchange of information, while the participants explore different subjects and develop their soft skills.

Workshops are conducted by the respective International Board members, as well as the respective subsection of the ELSA International Team. The following workshops will be held during the ITM:

- **Board Management, External Relations and Expansion (BEE)** – conducted by the International Board, as well as the BEE subsection of the ELSA International Team, and attended by Presidents and other BEE Officers.
- **Internal Management (IM)** – conducted by the Secretary General of the International Board and attended by Secretaries General and other IM Officers.
- **Financial Management (FM)** – conducted by the Treasurer of the International Board and attended by Treasurers and other FM Officers.
- **Marketing (MKT)** – conducted by the Deputy Vice President in charge of Marketing of the International Board and attended by Vice Presidents in charge of Marketing and other Marketing Officers.
- **Academic Activities (AA)** – conducted by the Vice President in charge of Academic Activities and the Vice President in charge of Competitions of the International Board and attended by Vice Presidents in charge of Academic Activities, Vice Presidents in charge of (Moot Court) Competitions and other AA or (MC)C Officers.
- **Professional Development (PD)** – conducted by the Deputy Vice President in charge of Professional Development of the International Board and attended by Vice Presidents in charge of Professional Development, Vice Presidents in charge of the Student Trainee Exchange Programme and other PD or STEP Officers.
- **Seminars and Conferences (S&C)** – conducted by the Vice President in charge of Seminars and Conferences of the International Board and attended by Vice Presidents for Seminars and Conferences and other S&C Officers.

Joint Workshops

A Joint workshop involves the Officers of more than one Area, setting on the table a topic of common interest.

Introductory Workshops

The Introductory workshops at this ITM run concurrently with the Area workshops during the second day of the ITM (Friday) and are meant for less experienced Officers, who have recently started their ELSA Career. They are intended to provide an overview of relevant Association Knowledge, as well as other introductory topics crucial to every new Officer in ELSA.

These workshops are not divided by Area, but are common for all interested participants.

Finger rules for workshops

The “finger rules” are intended to make the job of the Chair easier and to ensure that the discussions are as effective and smooth as possible. The theory behind the finger rules is simple; you indicate what you want to state by using one of the following gestures:

- One** finger: New topic or idea
- Two** fingers: Direct comment or response
- Three** fingers: End the discussion as it is not useful
- Pinkie** finger: Technical remark (e.g. “open the window”, “the font is too small”)
- Scissors: Remove yourself from the speakers’ list
- Thumb up: Show immediate feedback to the conversation (“I like this idea”)
- Thumb down: Show immediate feedback to the conversation (“I do not like this idea”)

The **priority** amongst the different hand gestures goes in the following order: pinkie, three fingers, two fingers, one finger. This way the Chair can more easily moderate the discussions. Scissors and thumbs up/down do not require a direct reaction by the Chair and that is why the priority rule is not applied to them.

What is ELSA Training?

ELSA Training aims at supporting ELSA Members and Officers in developing valuable soft skills and improving their ELSA knowledge. The training sessions during this ITM will be provided by educated individuals from the International Trainers’ Pool of ELSA, who have developed expertise and knowledge in the respective training topic.

Structure of the Agenda

Due to the desire to ensure an effective knowledge transfer on all parts of our Association and to encourage participation in workshops, we have decided to divide the Workshops delivered on **Friday 8th September 2023** into:

- **Introductory Workshops**, delivered by experienced members of the ELSA International Team, and meant for less experienced Officers, including Local Officers, who have recently started their ELSA Career; and
- **Regular Area Workshops**, delivered by the respective members of the International Board.

Participants who choose to attend the Introductory workshops during the second day of the ITM (Friday) will have the possibility to subsequently join the remainder of the regular workshops for their Area.

Trainings

The International Training Meeting is, as the name states, a Meeting focused on training its participants. For this reason, it will partially consist of training sessions, held in the mornings of **Friday, Saturday and Sunday**. These sessions are voluntary to all participants of the International Training Meeting, but highly recommended. The available training sessions are the following:

- **8th September 2023 (10:00-13:00):**
 - Negotiation Skills; **OR**
 - Stress and Time Management.
- **9th September 2023 (10:00-13:00):**
 - Conflict and Crisis Management; **OR**
 - Knowledge Management.
- **10th September 2023 (10:00-13:00):**
 - Leadership Skills; **OR**
 - Communication and Public Speaking.

The general application form for the ITM includes a section dedicated to participants indicating their preferred training sessions. Each participant will be able to indicate 4 (four) preferences for training sessions and ultimately have the opportunity to attend 3 (three) over the course of the Friday, Saturday and Sunday – one every day. In case of exceptional demand and an inability to meet it, this number may be decreased to 2 (two) by the International Board.

The allocation of participants into the training sessions will be made together with the confirmation of the general applications. Additionally every participant will receive a confirmation for their allocated training sessions personally. We will try to do this allocation as fairly as possible, considering the amount of participants and trainings available. With this in mind, we would ask that, if you cannot attend a training session, you inform the Secretary General of the International Board of ELSA as soon as possible, so that trainers are aware of this and can adapt their sessions accordingly. We hope these trainings will help you in developing your skills as an Officer!

Online Meeting Guidelines

These guidelines provide you with the necessary information to prepare for the online format of the III International Training Meeting. In order to ensure the smoothness and efficiency of the event, **please read these guidelines thoroughly and with care.**

The ITM consists of both Area workshops and joint workshops taking place on **Google Meet**. Trainings may be held on different platforms, depending on the preference of the trainer. This information will be sent to you at a later stage. The links to join the respective sessions will be published on the Facebook group and sent by email to all participants before the start of the meeting.

A particular focus shall be given to how Presidents should interact with their Board Members throughout the term, enabling you to create a comfortable environment for all of them. Also, you should be able to better sense what your members expect from you as a President and how to deal with these expectations.

DIVERSITY & INCLUSION (JOINT BEE & IM)

Description

Apart from being a part of our vision in its cultural aspect, diversity has been proven scientifically to increase the quality of decision-making within both executive bodies and organisations broadly speaking. While ELSA has always stood behind its vision of being a diverse association, the need to highlight diversity as an important aspect of our culture of human resources and give way to more robust practical implementation has become more and more significant. During this joint BEE & IM workshop we will attempt to spark a discussion both on the importance of the topic, but also on concrete ideas for its practical implementation mentioned above.

Outcome

Participants have a clear understanding of the importance of diversity and inclusion within ELSA and have a plan of practical solutions to implement within their National and Local Groups.

Preparation

15:30 – 16:30

TEAM BUILDING AND MISCELLANEOUS

Description

After a weekend of work, it is time to relax and get to know the people we will be working with throughout the year. For that, the purpose of our last workshop will be for all of us to share the expectations, fears and goals that we all have for the year, as well as creating a safe space for all of us to talk about what worries us as a BEE team.

Outcome

The main purpose of this workshop will be to get to know each other a bit more and to create an environment where all the Presidents feel welcomed and free to share their experiences and opinions with each other.

Preparation

THE THREE RULES OF LIFE - S, SO & DB

Description

As a famous IMer once said: “There is no stable foundation in anything in ELSA if we do not follow our regulations”. As the statement suggests, the legal and regulatory compliance of an ELSA Group plays an enormous part in the stability of the Group and has a lot to do with the work of an IMer. During this Workshop we will delve further into what the regulations applicable to our work are and where our responsibilities lie. Participants will have the opportunity to get an overview of the regulations of ELSA and work on practical scenarios concerning their application.

Outcome

Participants have comprehensive knowledge about the regulations of ELSA and their responsibilities within their National and Local Groups.

Preparation

Read the [Statutes and Standing Orders of ELSA](#) and the current edition of the [International Council Meeting Decision Book](#).

17:00-18:00

DIAMONDS ARE TEMPORARY, ELSA TRAINING IS FOREVER

Description

During this workshop we will discuss the ELSA Training programme - what it is, what it has to offer and how it can best be utilised in the context of the overall knowledge management your Network. Specifically, we will address the procedure of requesting a Trainer from the International Trainers’ Pool (ITP), the available training sessions and your previous experience with the programme.

Outcome

Participants will become familiar with the concept of ELSA Training and will have a practical insight into how they can utilise within their National and Local Groups.

Preparation

Explore the [ELSA Training website](#). Look into the available topics and reflect on these you would be interested in learning more about.

18:00-19:00

THIS BARBIE IS ALSO A PROJECT MANAGER

Description

Secretaries General are usually perceived as a mostly administrative worker, who deals predominantly with rather mundane tasks concerning administration, archiving and overall documentation. However, contrary to popular belief, IMers have high potential within their position to also get involved in quality project management. This workshop will focus on the IMer's role in the organisation of Internal Meetings - from the National to the International. We will look into the practical aspects of organising an Internal Meeting, whether that is an International Council Meeting (ICM) or a National Council Meeting (NCM) and will share some of the available resources to alleviate our workload.

Outcome

Participants will learn more about the project management side of their role. They will solidify their knowledge of how to organise a smooth National Council Meeting and leave the workshop equipped with the required tools.

Preparation

Reflect back upon your transition and what you have learned regarding the organisation of your Internal Meetings. Do you have a clear plan for the organisation of your NCM? Are there any practical resources you wish existed, but you do not currently have access to?

HR CALLED: THEY WANNA HAVE A CHAT!

Description

Human Resources are the key components that make ELSA what it is. With this ITM being positioned within the beginning of your term, this workshop is a perfect opportunity for you to get some practical experience in the development of mini Human Resources Strategy which you can later expand upon and implement within your time in office. You will be introduced to the basics of a Human Resources Strategy, the process of its implementation, what ELSA International has to offer from its Human Resources Department and more.

During the workshop we will also touch upon the points of having a National or Local Team of Directors & Assistants, the benefits of such a team and techniques on how to effectively delegate.

Outcome

Participants will gain knowledge regarding the strategic base and practical implementation of a Human Resources Strategy. They will further get an insight into how to effectively delegate and distribute their workload across a Team and foster a positive relationship with it.

Preparation

THRIVING TOGETHER: UNRAVELLING WELFARE

Description

Officer Welfare has not only been set as one of the priorities for ELSA within its Strategic Plan 2023-2028, but has also solidified itself as one of the most important foundations in establishing an engaged Network. The purpose of this workshop will be two-fold - to on one hand provide you with practical knowledge on current welfare procedures and the importance to develop such in your National or Local Group, but also to discuss some of the potential changes to be brought when it comes to the structure and content of the Code of Conduct of ELSA.

Outcome

Participants are knowledgeable about current welfare procedures and mechanisms to enhance Officer Welfare generally. There is additionally a clear understanding and consensus of the changes to be brought forward to the Code of Conduct of ELSA.

DIVERSITY & INCLUSION (JOINT BEE & IM)

Description

Apart from being a segment of our vision in its cultural aspect, diversity has been proven scientifically to increase the quality of decision-making within both executive bodies and organisations broadly speaking. While ELSA has always stood behind its vision of being a diverse and inclusive association, the need to highlight diversity as an important aspect of our culture of human resources and give way to more robust practical implementation has become more and more significant. During this joint BEE & IM workshop we will attempt to spark a discussion both on the importance of the topic, but also on concrete ideas for its practical implementation mentioned above.

Outcome

Participants have a clear understanding of the importance of diversity and inclusion within ELSA and have a plan of practical solutions to implement within their National and Local Groups.

Preparation

None.

THE NOT-SO-SECRET SECRET TOOLBOX

Description

The workload of an IM Officer can very easily become overwhelming, especially during high intensity periods, such as the ones surrounding Internal Meetings or recruitment periods. This workshop is all about the available tools, put in place to assist us in the execution of tasks. We will look into different knowledge management materials, IT and other useful tools, which can be of use and you will have the opportunity to practically engage with them in the form of an exercise. At the end, there will also be a possibility to provide feedback on the different materials, especially if any have proven to be unsatisfactory to be of any real assistance.

Outcome

Participants will have a comprehensive and familiar toolkit to work with throughout the year in order to alleviate their workload.

Preparation

Explore the [Officers' Portal](#). Reflect on whether you have come across or used any of the tools there before. Are there any tools which you wish existed, but have not found? Further, think about your level of knowledge when it comes to G-Suite, Wordpress, Slack (and other communication tools), Microsoft Office, and any other relevant tools.

During this workshop participants will get a clear idea of the structure of the Annual Human Rights Campaign and its opportunities. We will touch upon ways that Officers can be more involved in this initiative all year long, and how to experiment with different ideas that are not limited to ELSA Day. Finally, we will reveal the prize of this years AHRC Competition!

Outcome

Learn more about the Annual Human Rights Campaign and this years topic: Corruption and Human Rights. Learn about its differences with ELSA Day and how to approach both initiatives equally.

Preparation

Think about all the AHRC related projects that you want to implement this year, how do they fit into your OYOP? Read the [AHRC Statistics](#) on the Officers Portal.
