

BEE NEWSLETTER

AUGUST, 2020

The European Law Students' Association

VALUE OF NEWSLETTER

With this issue of BEE Newsletter, we start their year-long series. This is another source of information that you can use to learn more about our activities and find reminders about the most important events and dates.

Each month, the Newsletter will contain a short summary of current activities, reports on the course of projects and preparations for them, a list of interesting events worth attending, and setting goals for the coming weeks.

"If you want to lift yourself up, lift up someone else."

**Booker T.
Washington**

It is also a place where we can share our successes. If you want the entire Network to know about your achievement, just write to me so that we can supplement the material with new content.

Enjoy!

Communication

Our communication takes place through various channels, so make sure you have access to them.

1. [BEE mailing list](#): it is the most official channel. Here we inform ourselves about the most important events and dates and share our knowledge. Each of you can add something from yourself

2. [BEE Facebook group](#): it's another checkpoint for deadlines but we will also share our moments and experiences here as a team.

3. [IB 2020/2021 Facebook group](#): this is a group where you will get the latest updates on what the International Board is doing and what is going on in the ELSA Network.

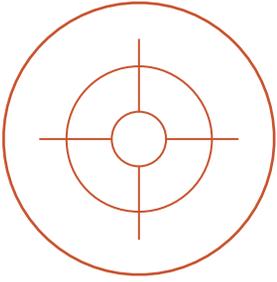

Don't forget about the local officers! Add them to groups or keep them updated on all the news.

SAVE THE DATE!

The highlight of the coming weeks is obviously the LXI Online International Presidents' Meeting - 9th - 13th September.

I am also waiting for pre IPM calls with you! [Book a date.](#)

FOCI OF AUGUST

The first month of our term is the time to create new habits and rules that will guide us throughout the year in all areas of our activity. Therefore, this month it was especially important:

1. Develop the principles of cooperation with the members of the Board
2. Create a list of priorities for the term
3. Create a One Year Operational Plan based on our priorities
4. Initiate the contact with the Partners.
5. Prepare the initial strategies for cooperation with external stakeholders.
