## Estimated costs of participating in the ELSA Delegations

### Foreword

In order to give an overview of the costs connected with the participation in the ELSA Delegations, the ELSA Delegations Team created the document with the estimated costs of your stay in the cities, where most of the ELSA Delegations take place. The content of the estimated costs consists of three factors: accommodation, meals and public transport within the relevant city. Please note that estimated costs, which are calculated in this document, do not include travel expenses to and from the city, where respective ELSA Delegation takes place. Moreover, please bear in mind, that given data are only examples of the wide spectrum of accommodation, meals and transportation, used for the purpose of illustrating the costs linked to the living expenses in the specific city. Hence, the whole calculation is based on the hypothetical participation in the ELSA Delegation. It is to be noted that there is no participation fee itself for taking part in all of the ELSA Delegations.

We wish you a good reading!

## 4. Cost of living expenses during an ELSA Delegation

### Example Calculation for an ELSA Delegation to New York City:

Let's say a hypothetical ELSA Delegation of four persons goes to NYC, which lasts 5 days, including arrival and departure. ELSA Delegates choose to stay at the Canal Loft Hotel, because this is fairly inexpensive and closer to the city center, which will allow them to save money on public transportation. Breakfast is included in the price and guests purchase daily rides on the Metro NYC Card (the card itself is free, but can be recharged). The cost for participation in the entire ELSA Delegation, excluding travel expenses to and from New York City for one ELSA Delegate will be as follows:

Accommodation:      5 nights \*14 USD = 70 USD

Food:                      (3 meals \* 5 days \* – 5 free breakfasts) \* 10 USD (average) = 80 USD

Transport:              27,5 USD (MetroCard single ride for an average of 10 rides during the stay)

---

**Total:                                      177,5 USD**
