# INTRODUCTION

---

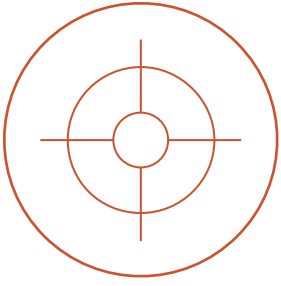

Dearest S&Cers,

During the month of October, I had the chance to focus on the preparations for the upcoming LXXVIII International Council Meeting Online. I have prepared S&C proposals to improve our projects even further, prepared my Activity Report to give you an overview of my work thus far and completed the Workshop descriptions to guide you. Taking into consideration all your inputs from the successful X Key Area Meeting Online, I focused on creating engaging workshops with more informative sessions on S&C projects.

Another month full of challenges is around the corner, and I'm looking forward to do what we can't all together!

- *Your S&C Mama, Ilke*

# Updates of October

---

The second call for the ELSA International Team opened and we have appointed the rest of the S&C Team!

- **ELSA Delegations Team**
  - **Assistants for ELSA Delegations**

Jose Fialho (ELSA Portugal), and  
Ani Koiava (ELSA Georgia)
- **Director for International Conferences of ELSA**  
Diarmaid Ó Cuanacháin (ELSA UK)

# ELSA Delegations

## Online Events

Together with the ELSA Delegations Team, we are working in full speed to provide online opportunities. From WIPO to UNOG, from UNCITRAL to ICC, you can participate in online events organised by international institutions and organisations.

Do not forget to check the [ELSA Delegations Website](#) in every **Thursday** to get a glimpse of what ELSA Delegations are from the comfort of your home!

# Important Deadlines

- The Council of Europe (CoE) will ship visibility materials to approximately 40 Groups. The exact content will remain unknown for now, but is likely to include pens, notebooks, calendars, information brochures, etc. to be in the package. They will send materials to the Organising Groups whose events they find the most interesting. We do not control precisely how the groups are selected, but *academic quality, creativity, visibility, and relevance to the topic* are important elements. The deadline for submitting the [ELSA Day Specification Forms](#) for CoE visibility materials is the **1st of November**.
- All the Organising Committees willing to organise the Summer ELSA Law School this Cycle shall **fill in the [Summer ELSA Law Schools 2020/2021 Specification Form](#)** by the **15th of November**. Please note, that filling in the Form is a **precondition** of organising SELS.
- The best Annual Human Rights Campaign will be rewarded, including the ELSA Day events. We strongly recommend you to organise events throughout the whole year with regard to AI and Human Rights. All Groups that fill in the Specification Form automatically compete in the **ELSA Day Competition**. The prize will be eternal honour and glory – together with an object you proudly can bring back to your ELSA office. The deadline for submitting the **ELSA Day Specification Forms** is the **23rd of November**.

## SAVE THE DATE\*

The sweet November is ahead of us. The leaves begin to fall from the trees, pumpkin spice latte is already out, and we are embracing the autumn chill. It is also a very important time period for ELSA, it is the beginning of the **Annual Human Rights Campaign** which will focus on *Artificial Intelligence and Human Rights*. The Campaign will officially start on the last Wednesday of the November with the 9th ELSA Day. Mark your calendars for the **25th of November**, we will have the Annual Webinar with the Council of Europe!
