INTRODUCTION

Dearest S&Cers,

Considering general importance of communication and transparency, and as mentioned in my Action Plan, I decided to introduce monthly S&C Newsletter. This is something I wish to do it for you, to keep you up-to-date and informed.

Since it's a very new concept to our area, it is open to any suggestions. Thus, please let me know if you have any suggestions or ideas to make this Newsletter as useful and helpful as possible.

This is only the introductory Newsletter.
Stay tuned for more!

- *Your S&C Mama, Ilke*

VALUE OF NEWSLETTER

The S&C Newsletter is an extra source of information that you can use to learn more about the latest updates both in the Area and in the Network, apart from the existing ones.

Moreover, the Newsletter will be used as a platform where the successes of our Network will be presented. **If you want the Network to know about your achievement, please feel free to contact me in order to share it in the next Newsletter!**

SUMMARY OF X KEY AREA MEETING

After five amazing days spent with fruitful workshops, team building exercises, lots of working groups, and of course socials until the morning light, X and the last Key Area Meeting is came to an end. We created the new chapter on ELSA history and it's just the beginning of our journey!

The highlights of the S&C Workshops are:

1. The categorisation of ELSA Law Schools. The workshop voted in favour of the categorisation based on the intensity of the academic programme and it will be implemented on the Summer Cycle 20/21.
2. Draft quality standards for ELSA Webinars. The workshop came up with the draft quality standards which has constituted a proposal for the ICM.

X ONLINE KEY AREA MEETING OF ELSA

2ND - 6TH SEPTEMBER 2020

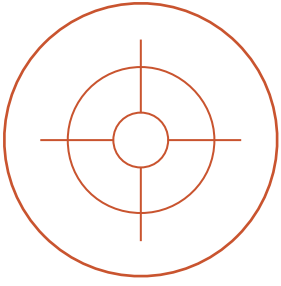

You may now find the all presentations on the [Officers Portal](#). Please note that you can also review the KAM Minutes as soon as published.

SAVE THE DATE*

Time flew by fast and finally, the application period for Winter ELSA Law Schools is approaching. I wish to highlight how amazing it is that the number of WELS organised in the Network increased in comparison to the previous year, with **14 amazing WELS** organising in this term! The application period will open on the **28th of September, Monday**. If the cold never bothered you anyway, do not forget to check out WELS portfolios from lawschools.elsa.org!
