### 3. Selecting the trainees

---

#### 3.1. Traineeship Providers' Interface (TPI)

---

ELSA International sends you via email a unique **username** and **password** to log into the TPI to view the applications of the short-listed candidates.

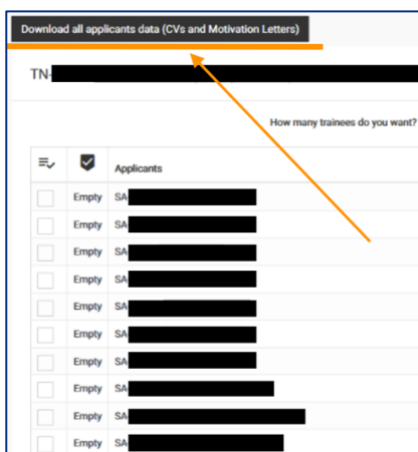

- 1) Go to [step.elsa.org/login](http://step.elsa.org/login).
- 2) Enter your username and password as forwarded to you.

*Note that the selection cannot be changed after the selections are submitted in the TPI!*

#### 3.2. How to download all the applications at once?

---

Press the “**Download all applicants’ data (CVs and Motivation Letters)**” button on the top left corner of the TPI.

### 3.3. How to choose the candidate(s)?

The screenshot shows a table with the title 'Applicants'. At the top right, there is a field labeled 'How many trainees do you want?' with a dropdown arrow. Below this, the table has two rows, each starting with an unchecked checkbox and the word 'Empty' followed by a redacted name.

1) Choose the number of trainees in the **“How many trainees do you want?”** field on the top right corner.

The screenshot shows a dropdown menu with the number '2' selected. The menu has a checkmark icon and a close 'x' icon. Below the dropdown, the word 'Empty' is circled in orange. To the right of the dropdown, there are two rows with 'SA-' followed by redacted names.

2) Rank the candidates:

- Press the **“Empty”** field next to the applicant you want to rank.
- Write the number of ranking/priority (1, 2, 3, etc.).

*Note that you can (and should) create a waiting list by ranking more candidates than the total number of trainees wanted/indicated!*

The screenshot shows the 'Applicants' table with four rows. The first four rows have checkboxes checked and ranking numbers 1, 2, 3, and 4 in the 'Empty' field. The last two rows have unchecked checkboxes and the word 'Empty' in the 'Empty' field. The ranking numbers 1, 2, 3, and 4 are circled in orange.

3) Tick the boxes next to the (already ranked) candidates to which the TNP wants to send an offer.

4) Press the **“submit”** button (*bear in mind that this selection is final and cannot be amended in the TPI later on*).
