CAREER FAIRS

CAREER FAIRS

A career fair (also known as a job fair or career expo) is a recruiting event in which employers and recruiters meet with potential employees and where job seekers find more about job openings at potential employers.

They are most often organised in large halls where potential employers set up booths with HR team members who are there to explain to potential employees all about current job openings, the application process and anything else regarding the organization. **But they can also be held online!**

CAREER FAIRS

Benefit for participants

- Career fair talks are useful as they give general info on how to, for instance write a CV or how to prepare for an assessment centre.
- They are a great place to do some info research since the companies at careers fairs provide huge amounts of information and experience about different sectors.
- Great place to be networking with the staff.

CAREER FAIRS

Benefit for the ELSA Organizing Group

- Partnerships (financial support and reputation)
- A partner can become a traineeship provider and *vice versa*
- New members interested in job opportunities (*ehm ehm someone said Student Hunting!?*)

LEGAL CLINICS

LEGAL CLINICS

The Legal Clinic (also known as Law Clinic) is an activity inspired by a learning method adopted in many American Law Schools based on learning programs providing hands-on legal experiences.

Students are asked to offer pro bono legal services to real clients. Their services consist in researching materials, drafting legal arguments and meeting clients. All the activities are carried out, in different fields of law, under the direction of one or more professors. The main goal is to complete the theoretical qualification of students through practical activities.

LEGAL CLINICS IN ELSA

It is very important that the Law Firm is giving pro bono assistance to the clients.

Usually, the case involved disadvantaged categories of people or important human rights.
